All-User Restrooms and Inclusive Restrooms

Gender-inclusion regarding restroom facilities creates a more welcoming and inclusive environment for everyone.

Beyond Non-Binary Inclusion

While non-binary people directly benefit, gender-inclusive restrooms provide broader benefits.

Family-Friendly Access

Parents can easily assist children of a different gender without restroom restrictions.

Intergenerational Care

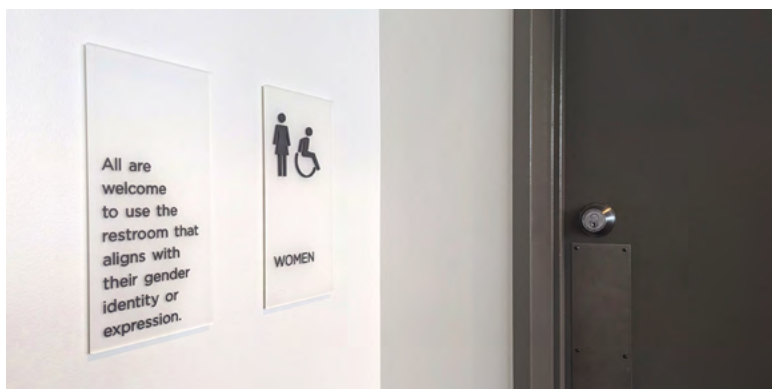

Adults can comfortably accompany elderly family members who need assistance.

Disabilities and Medical Needs

Individuals requiring aid from a different gender can use the restroom comfortably.

Respectful Support

Partners or caregivers of opposite genders can assist each other with privacy and dignity.

Safety in Restrooms

Safety First

We all deserve to feel safe in restrooms. Existing laws already protect against harassment and assault in all restrooms.

Shared Concern

Everyone wants safe restrooms. Our focus remains on preventing harm, not on who uses which facility.

OCC's Commitment to Diversity, Equity, and Inclusivity (DEI)

Scan the QR code or visit oregoncc.org/dei to explore our ongoing efforts in fostering a diverse, equitable, and inclusive environment for all guests, staff, and event planners.

OCC's DEI initiatives are part of a broader commitment within the Metro Regional Government. Learn more about these regional efforts at oregonmetro.gov/equity.
